

Window Replacement Survey Responses

Positive	Negative
<p>In our case we need to replace at least 7 windows that have failed seals. After some research we discovered that it is much cheaper to replace the whole window rather than just the glass unit. In addition, you can get much better quality and lifetime, any-reason replacement warranties. We have chosen Energy 1st Exteriors (480) 656-2904 to do the job next month. After installation is complete I'll write again to report on their performance</p> <p>I recently needed to replace 8 windows that had developed seal leaks and became unsightly. After receiving 3 free estimates from local window companies we chose D & L Chandler Glassworks, Inc. 480-899-1688. All work was performed on time and in just 4.5 hours. The quality was excellent, installers were professional and cleanup was outstanding all for \$1808.00.</p>
